Subject: **2014 Annual Export Report (EPA Notices No. 008214/10E/13 and 010772/11E/14)**
Shell Oil Products US, Martinez Refinery - EPA ID# CAD009164021

Dear International Compliance Assurance Division:

Attached please find the Annual Export Report for the Shell Oil Products US, Martinez Refinery as required by 40 CFR 262.56 and the California Code of Regulations, Title 22, § 66262.56. This report covers the shipments of hazardous waste to Envirogreen Technologies Ltd in British Columbia, Canada under US EPA Acknowledgement of Consent Numbers 008214/10E/13 and 010772/11E/14 for the period from January 1, 2014 through December 31, 2014. A signed certification for the report is also attached.

In compliance with the requirements of 40 CFR 262.56 (a)(5), Shell Martinez Refinery (SMR) continues our efforts to reduce the quantity and toxicity of the hazardous sludges by minimizing the solids, hydrocarbon and hot water discharges to the refinery wastewater collection system. SMR continues to process some of the oil-bearing materials into the Delayed Coker Unit (DCU) and continues to investigate potential avenues of increasing the amount of oil-bearing materials the refinery can process at this unit.

If you should have any questions regarding this report, please contact Michael Monson at (925) 313-5516.

Sincerely yours,

Natalie Braden
Manager, Environmental Affairs Department
